21st March 2025

"Working together to succeed"

This half term's value:

Perseverance

Last week, we celebrated British Science week. The children had a fun-filled week, full of exploration, investigation and creativity!

Hedgehogs enjoyed creating animals from recycling, and the other classes had a wonderful time throughout the week exploring 4 activities; from game building, planting, dissolving, to even flushing toilets!

It was lovely to see how the children from Reception - Year 6 worked together in their house groups, supporting one another and building their scientific understanding.

# FOOTBALL

Some of the children in Owls enjoyed a special training session with Luke Astley, the Head of Football at Lucton Elite Football Academy.

He was very impressed by the children's commitment and their footballing skills.

We look forward to welcoming Luke back to our school at a later date.

## Mothers and Others Gift Shop

Shop opens  
24th March

Children will be able to buy  
gifts for their loved ones.

All gifts will be £2.50  
Children can bring money with  
them to school.

On Wednesday, the whole school was visited by Benny the Bear; the St Michael's Hospice mascot. He came to visit our school to thank us all for our generous donation as part of the Rudolf Run in December. All of the children across school loved meeting Benny, and were thrilled to be one of the few schools who were chosen for this visit!

We hope to see many of you at our **Family Easter Craft Morning** on **Thursday 10th April; 9am - 10am.**

As always, thank you for your ongoing support.

From all of the Wellington team
